Piano music is a form of social behavior, people can share their feelings and life experiences with each other through music. In this role the song was most prominent. Ludwig van Beethoven is the wizard to use the magic power from piano.

The piano is a keyboard instrument widely used for solo, ensemble, accompaniment and other performances, rehearsals for the musical composition and very convenient. Who play by pressing keys on the keyboard, which affects the piano felt wrapped in velvet gavel, then struck steel strings sound. Its rich piano music theory skills, known as the “king of instruments”.

Piano music is a symbol, a sound symbol to express people's ideas. Is one of the vectors people's thinking. Piano music is a purpose, there is a connotation which implies the author's life experiences, thoughts feelings. Music from the acoustic analysis it is between constant noise and frequency pure tone, speaking from the effects it can bring enjoyment and expression of human affection beauty.

[Beethoven](#) (German: Ludwig van Beethoven, 1770-1827) the famous German composer and musician, one representative of classical music in Vienna, is the “culmination of classicism, romanticism open precedent, “the great musician; his creative works of music has a profound impact on the development, which is known as Le Saint.

His work on the development of world music has a very profound impact, so it is known as Le Saint, symphonic music in the world, has a very high status.

Beethoven smooth occasion, flourishing reputation, however unfortunate fate befall him – he had deafness disease. This is a very cruel blow, in order to avoid people found him deaf, Beethoven gradually solitude, you become more and more withdrawn. 1802 Beethoven moved to Vienna from a one-hour drive from the village Heiligenstadt composer, where he finished second symphony. But the pain in his ear problems worsen, so he wrote a suicide note Stadt Heiligendamm,

representations tragedy and misfortune. Beethoven's later philosophy and Yinkang De rebuild confidence. "To forget their misfortune, the best way is to work hard." At this point he returned to Vienna, Lok Si Quan, 1803 wrote Thunderball "Third Symphony." The song originally wanted to dedicate Napoleon, but Napoleon was crowned emperor, Napoleon, Beethoven angrily obliterate the name changed to "Eroica."

In History, like Beethoven's piano music as there are people who love a lot. They will be full of enthusiasm and energy themselves into it, not asking for anything but very happy and satisfied. Piano music is the only way to allow them to regain confidence in the hardships of life down and stuff – piano save them, and they use their music to cultivate the soul of countless people, bring a lot of warmth to the world.
