Money is not everything, but without money you can do nothing. This is we all know the proverb. In our life, money occupied a very important position, clothes, food, live, row without money.kind of social phenomenon in a [gold diggers](#). Too much of the money, even to have money to violate the moral and legal bottom line.

there is a story, it looks ridiculous and really. The gold diggers family conditions, parents are ordinary workers of the factory, live a life of nine to five every day, she was the only child in the family, so parents all pay attation to the gold diggers. Dull and happy life. To worship money the female junior high school of time, something wrong happened at the home, the gold diggers woman's mother had cancer, this is for the ordinary family a bolt from the blue, treat mother's disease, gold diggers left school, working outside, father also constantly to borrowed money and hardworking jobs. But in the end,they failed to retain mother's life. Mother's death for the gold diggers a not acceptable,family loss the warmth, they didn't break away from the death of the mother, home and rags. Gold diggers often staying out, made a juvenile delinquent, gradually learn to smoke, drink bear, lying finally, she don't go home directly, she find a rich manthat the man age is same as her father just because he is rich, then she meet the demand of material a woman material. When

her dad know, advised gold digger back several times, but it have no effect, then her father decided cut off the relations in a pet, In this way, a happy family is destroyed. Soon, gold digger went home, because the rich man have lover has a new lover, then the woman don't she, and her father also depression into a disease. Gold diggers are homeless. Gold diggers seemed to understand at this time. In short, it is not an end, the end looked a little dog blood, gold diggers home admitted her mistake, followed by the father and with his father together go to heal, and to ensure that the future must have a good life, care of his father, won't make mistake before. A family again, that ends it. Grandma often tell the story to me, education I don't go wrong, whether this is true, it has been far greater than the value of the problem. Thus begins the gold digger's rebirth.

In fact in the definition of money, the boundaries of each person is different, but there is a moral bottom line, the correct view of money, slowly experience in life except for money and a lot to what we pay, such as family, parents, friends, lovers, etc. To think about when choose, look before you leap. Met temptation is for sure, but the right, to resist temptation is we should think about.

For gold diggers this kind of social phenomenon, this is a sign of lack of our values, how to solve this problem that we should carefully study the problem.

What is money?someone says it is nothing while others say it is the most important thing in their life and without it they can't live any longer. It said:money is not everything ,but without it you can't do any thing. In my opinion, it is right . but we should also hold a right attitude to it. You must heard that story that a rich man want to find happyness, at last he found

it in a poor man's life. Sometimes we think that the rich persons are the happiest ones in the world. However, it is not. The more money they have, the more morose they feel. In fact, without money, we can have an interesting and exciting life aslo. So having lots money or less money is not the important thing, the important thing is weather we are happy or not, is it that make our life full of wonderful thing.

Today, most people can solve the problem of eating and clothing, but there's a big difference in the shopping, some people like to buy a lot of things, but is a bargain. Some people like to buy expensive things, is often inconsistent with his income. In fact this two kinds of consumer psychology is wrong, we should sell good quality goods, not blindly pursue high price. We should not ask the number to buy things, to the quality requirements, quality good time before long.

## **The Dead Keep Us Living**

*Do you know what is the most valued deadee? Do you know what make us living? It is right, money keep us living so it is not difficult to understand the deadee printed on money is most valued deadee. Many people know the most of deadee printed on money are presidents and politicians. But, do you know there are some artists who are printed on money? Now let's begin.*

End Of The Century

Edvard Munch said: "I want to describe the kind of touched my heart. I do not draw lines and colors I see, but the things I have experienced."

Firstly, I will introduce Edvard Munch whose deadee is printed on the Norwegian krona. He was a Norwegian Symbolist painter, printmaker whose intensely evocative treatment of psychological themes built upon some of the main tenets of late 19th-century Symbolism and he greatly influenced German Expressionism in the early 20th-century. Do you know him? If you are unfamiliar with this name, it does not matter. You must hear of *The Scream*, his best-known composition. *The Scream* is one of the pieces in a series titled The Frieze of Life, in which Munch explored the themes of life, love, fear, death, and melancholy. Once Munch described his inspiration of the *The Scream*, he said: "once evening I was walking along a path, the city was on one side and the fjord below. I felt tired and ill. I stopped and looked out over the fjord—the sun was setting, and the clouds turning blood red. I sensed a scream passing through the nature, it seemed to me

that I heard the scream.” He suffer a lot when he was young, so his character is despair and anxiety, it is the reason why his works are full of the themes of life, love, fear, death, and melancholy. Art historian called Munch the “end of the century”,

because his works reflects the spirit of a whole generation of European in the aspects of their life. No one dared to describe the naked ugliness of the human instinct by making the coexistence of good and evil and beauty and ugliness as him. This is why his deadee can be printed on the Norwegian krona.

### The Father Of Painting

Andrea Bain Once commented:[]Frankly,Caravaggio’s work marked the beginning painting.[]

The next great painter is Michelangelo Merisi da Caravaggiot know who he is. But if you have ever traveled to Italy, you might see him on the coin. He is a famous Italy painter from the early 16th century to the 17th century. His artistic career began after all masters of the Italian Renaissance had dead. He is a distinguished Italian realist painter. He studied in Milan to study painting from painter Virtue Bolzano. He inherited the tradition of realism, folk painting, and influenced by the Venetian school in the northern Italy.

Between 1593 and 1610, he was active in Rome, Naples, Malta, and Sicily. Caravaggio was known for realistically capturing moments of human emotion and painting the drama of psychological relationships. He broke the conventional styles of depicting the saints and used ordinary people as models, painting them with realistic detail showing the Saints' common humanity. Though he was highly esteemed by other artists of his time, his deviation from the idealized styles of 16th century Mannerism brought up much public criticism. His technique and use of tenebrism influenced the development of the Baroque school of art as well as the paintings of many artists including Rubens, Rembrandt, and Velazquez.

His works include *The Calling of St. Matthew*, *The Conversion of St. Paul*, *The Supper at Emmaus* and so on. In the 1920s, painting critic Roberto Longi once again brought his name to the public eye. Longi said: "If there is no him, nor is Ribera, Vermeer, La Tour and Rembrandt. Without him, Delacroix would entirely be another way to depict Courbet and horses". In many large art museums, a few rooms hung with his works with dramatic lighting, ordinary models, faithfully depict nature. Many famous painters inherited the style of Caravaggio.

Now, I believe that many of you know why he can be printed on the Italy coins. Both of them are great and valuable deadee. They keep us living, not only in substance, but also in spirit.
