First of all, I would like to recommend to you the Taihang Great Canyon. Because I grew up in Changzhi city, naturally, I often visit there.

There's only one path to get there. But on both sides of the road, there're mountains on one side while the other the cliffs. Every time I went there, I was so scared that I nearly had a heart attack. One of the main canyons—Wuzhi Canyons and

one of 9 branch canyons—Hongdou Canyon are the most classical canyons that I ever visited. The water here is very clean, flowing all year round without stopping. And in Hongdou canyon, there are tens of thousands of Yew and they are so beautiful. The sceneries impressed me deeply when I was a child. And every time I go there, I would certainly shocked again and again by her beauty and mystery. However what shocked me is also that my classmates who lived there. When I was in high school, some of my classmates did come from the Taihang Great Canyon. They were boarding at the school, but every Friday, school was closed early in order to enable the students could catch the last bus which destined for The Taihang Great Canyon—their home. At the meanwhile, the drivers always increase their bus for the students.

Honestly, all of these make people in the city have a lot of feelings.

# A Travel to Inner Mongolia Autonomous Region

*Have you ever been to Inner Mongolia Autonomous Region? And have you ever heard it? And today I would like to show how to travel Inner Mongolia. When to go? What to see?*

**By:Guanyu Zhou 121101132 Bilingual Broadcasting Class 1**

The Inner Mongolia Autonomous Region, which borders with both the Republic of Mongolia and Russia, is the widest province in China .Also it is the third largest Chinese province but not very populated. The province has 24 million inhabitants.

## **When to go**

Climate in Inner Mongolia is various all year round. Winter is cold and clong, with frequent blizzards. However summer is short and warm. The climate changes from arid to semi-humid from west to east. The annual rainfall is 80 – 450 millimeters, also increasing from west to east. The main

feature of the climate here is that the difference in temperature between days and nights is very big, so tourists should wear a layer of clothes when traveling here.

### **What to see**

Inner Mongolia has a long history and brilliant culture. There are many places of interest. Some of the key historic sites are:

Wudangzhao Monastery in Baotou used to be the residence of the highest ranking lama in Inner Mongolia and now it is the only intact Tibetan Buddhist monastery in Inner Mongolia.

Inner Mongolia is the hometown of Genghis Khan (1162-1227), the great leader of Mongolians. His Mausoleum, located 185 kilometers (about 71 miles) south of Baotou, holds his clothing buried in his memory.

Dazhao Temple is the best-preserved temple in Hohhot. Xilituzhao Palace is the largest surviving Lama temple in

Zhaojun Tomb, six miles to the south of Hohhot, is located on one of the most beautiful scenes of ancient times. A legend says that each year, when it turned cold and grass became yellow, only this tomb remained green and so it got the name Qing Zhong.

Wanbu Huayanjin Pagoda used to be a place where nearly ten thousand volumes of Huayan Scripture were preserved. It is an exquisite and magnificent brick-wood structure about one hundred and fifty feet tall. But what is most attractive about Inner Mongolia is its natural beauty.

Vast grasslands, including the Xilamuren Grassland, Gegental Grassland and Huitengxile Grassland are all good places for a grassland experience. The mushroom-like yurts, bright sky, fresh air, rolling grass and the flocks and herds moving like

white clouds on the remote grassland, all contribute to make the scenery a very relaxing one.

tooopen.com 第九部落 daidai26

While visiting Inner Mongolia you may try different activities such as Mongolian wrestling, horse & camel riding, rodeo competitions, archery, visiting traditional families and enjoying the graceful Mongolian singing and dancing. The best time to visit the grassland is definitely during the traditional Mongolian Nadam Festival period when there is a better chance to both participate and feel the lively atmosphere of the grassland life.

You can also visit deserts in Inner Mongolia. The deserts are located in the western part of the province: the most famous and visited ones are the Badain Jaran Desert, Tengger Desert and Kubuqi Desert. Early autumn (from the middle of August to the end of September) is the best time to explore the desert as the temperatures are very temperate.

By: Rulan Sheng 130306139 Class 1

*"I stand in the Prague Square at gloam  
Throwing down a hope beside the making a wish pond  
That white pigeons back on to the setting sun  
That tableau is so beautiful that I dare not to see"  
Have you ever heard the song<[Prague Square](#)> When I first heard  
the name of Prague, it's from this well-known popular song. At  
that time, "the Little I" became to be interested in the  
beautiful country–Prague which seems to have something special  
to happen or full of artist breathe.*

Legend has it that libue said a prophecy about Prague "A great city, its glory can reach the stars in the sky! I saw it on the VOR in the forest Tawa Riversteep cliffs. There is a man digging out a threshold(prah) for the house to build a castle called Praha . The princes and dukes should bow before the threshold, they are going to bow for the castle and wrapping city. It will be respected, get everyone's honor and the whole world will praise it"

History and prophecy meets! In 9th Century, the right bank of the Vltava River and the commanding high castle consists of the first Prague. From that moment, Prague is destined to be extraordinary prosperity, doomed like twinkling stars

Once upon a time, Prague is the capital of Bohemia, and became the Holy Rome Empire capital in Charlie IV, after became the financial centre of central Europe .Then, Prague has become the most famous tourism city in eastern Europe.

Follow the footsteps of music, walking into the church of Prague, looking for the colourful glass in lyrics .You will be surprised that the spired glass decorated the tall and dark church appearing so much lively.

A history of the city always with water .Verona Arno River Adige, Florence Prague Vltava River. A river , is not only breeding the people on both sides of the branch , but also containing the abundant history of life.

At that time, the old bridge over the Florence Arno River left a deep impression on me. The most narrow spot of Arno river gathered the most people. And the Charlie bridge over the Prague Vltava River made people feel a lot which is the oldest stone bridge in Europe .The 30 Saint statues on the bridge wait quietly and watch the time flow.

When Michelangelo praised the Florence cathedral dome: "I can build a larger dome, but can not be more than the beauty of it." So the dome became the world's the one and only. Prague also has the only astronomical clock.

In the Legend, in order not to let second magnificent astronomical clock born in the world, the authorities ordered to stab the craftsmen in the eyes, then the Prague astronomical clock becomes the only. The clock dial is drawn on the representation of the earth and sky background, and there are four main mobile disk, which are the twelve signs of the zodiac disc, old Czech schedule, the sun and the moon. Are they also depicts the world changes and the slip of time? Perhaps, we have all forgotten, Prague, there is also a worth remember characters –Kafka

Now the Golden Lane also retains the former residence of Kafka No. 22

About Czech, about Prague. In the stage of history there is a word has not be forgotten before–

After fifteenth Century, the wandering world people– Gypsies migrated.

So the world civilization added Into the history of Czech. Also because of this

## A rough description of Ireland

[Ireland](#), a beautiful European cities. It's capital city is Dublin. Has 4.5 million population.

By Haoming Gu 130306117

Since joining the European Union in 1973, Ireland has transformed itself from a largely agricultural society into a modern, technologically advanced Celtic Tiger economy.

Agricultural lowlands make up most of the interior, which is

broken in places by low hills and includes considerable areas of bogs and lakes. There are coastal mountains to the west, rising to over 1 000m in places. Nearly a third of the population lives in Dublin.

The Dáil , or lower house of Parliament, is composed of 166 members while the Seanad , or upper house, has 60 members. Parliamentary elections are held every five years. The President, elected for a seven-year period, mainly performs ceremonial duties.

Although the history of Ireland has seen troubles and turbulence, its people have always been associated with a love of music and storytelling. Often referred to as the land of saints and scholars, the country is the birthplace of many famous English-language writers, such as Yeats, Joyce, Beckett, Wilde and Shaw. ## **Lee: Attitude toward marriage to be loyal, but making a film, how fun is how to take it.**

*I believe that most people think ang lee is a rational, calm, traditional filmmakers, but today I want to analyze "crouching tiger, hidden dragon", "brokeback mountain", as well as "lust, caution" to work out some secrets about lee. like what is the meaning of the hulk and tiger? What kind of story can attract the ang lee? and Why is "lust, caution" so controversial?*

110110115 GongDan

The first time I know ang lee is because of a movie "wedding banquet", which is a popular play about traditional ethics, entirely in Hollywood Chinese movie. If i remember clearly, it was a summer vacation ,my brother and i watched this film together. My brother is Lee's fans .He said Lee is crazy about adventuring, take "wedding banquet" as an example, the story is

in Chinese sensitive topic – gay and lesbian issues, but he hold was in place, he used the Chinese unique ethical point of view to deal with this problem, made the tragedy turned into comedy, and won the audience's consistent high praise

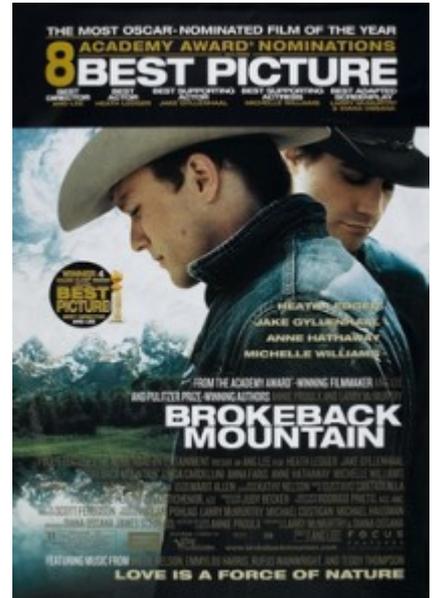

After entering university, in the classroom of “analysis of the film” ,he teacher told us that “crouching tiger, hidden dragon” is his writing career of watershed, and there are big differences in his early movie. In early movie ,he give priority to family and the father-son relationship. And start from the “crouching tiger, hidden dragon”, lee unconsciously

into the subconscious level. In his middle age, the love, desire, all take turns from “crouching tiger, hidden dragon”, “brokeback mountain”, and rushed out of “lust, caution”. Here, I would like to briefly introduce three films. “Crouching tiger, hidden dragon”

is the Chinese martial arts kung fu, but there is no general martial arts films that thrive of heroism, instead of looking for runescape humanities connotation of a kind of deep thinking and reserved; “Brokeback mountain” is about the complicated relationship between two men love and sex; “Lust, caution” is more than the 40 s of Shanghai during the Anti-Japanese War as the background, tells the female college students turns (tang wei) using beauty close to Mr Yi (Tony leung) intention to assassinate the traitors. When lee leap into this new field, he abandoned the previous dull, in the movie, he seemed to tear off the mask, face the real self, explore the human nature.

Once, ang lee has a reporter to interview, ask he made what is the feeling of “crouching tiger, hidden dragon”, lee said: “this is my first time to blatant for love movie.” Later, when the “brokeback mountain”, body language has become the focus. In the film the great mountains of rock wool to sudden sky, clouds and wind, and darkness of the earth, even the flow conditions of the river, stream, lake, reflects the character’s psychological mood from time to time, make the audience daydream. Especially in “brokeback mountain,” the two reunited, fled to the mountains for the first time, whether two people stripped tie, jumped into the lake, or chat late at night, behind surging pentium river, is a metaphor of the inner states as well as the relationship between each other’s characters. In a word, this a series of details are said ang lee is constantly changing, from the beginning of conservative director, to now is good at using body to render the emotional liberation, but everything is so reasonable. This is reflected in the “lust, caution” was just right.

In “lust, caution”, Ang lee directly omit metaphor, indirect expression, to directly enter the body entanglements to echo the characters’ inner struggle and external situation changes, this is really too shocked, too attractive. But it was banned by the Chinese, and the reason is not civilization. In fact, in my

opinion, even if lee does not make the film “lust, caution”, he also can choose other subjects to express their inner change. It is interesting to note that ang lee fighting the

sex scenes in the movie always entangled, even some traces of abuse. Like Luo Xiaohu in "crouching tiger, hidden dragon," Li Mubai with jade jiaolong, in "broke back mountain," jack and ennis, If you only see pictures of ang lee, you absolutely can't imagine his heart will have a really love, love deeper, but unfortunately the world of love. But I think this is what I am willing to take the time to understand the secrets of his work.

What the deepest impression on me is a sentence said by Lee," if a story is insufficient scary, sensitive, I'm afraid it can not attract me." I Can't fully understand until last year when I begun to try to write a movie script, I totally understood if a story is black and white, the writers are not attracted, so how to attract the photographer, the actor and the audience? As far as i known,there are a lot of romantic stories appeared in the films of ang lee, but in real life, he had a very happy family.For the reason that something can not be achieved in real life, moved to the big screen display. So, i what the safest thing is risk in the movie.
