It seems that Guizhou is pregnant with the unique customs of minorities and hands down its original ecology because of the silence and peace. And also it brings people a colorful landscape, the culture of Yelang and Miao minority, Karst scenery, wine and gong tea and so on are all unique in China, wherever you go, Guizhou is the only place for you to enjoy these wonderful things.

[Huangguoshu Waterfall](#)

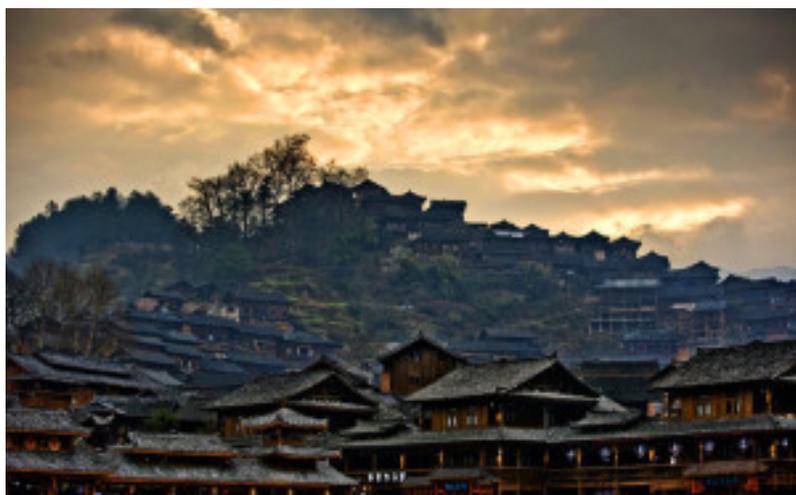

There is no need to give a brief introduction of Huangguoshu Waterfall, in other words, no word can describe such a wonder perfectly. As a saying goes, "He who has never been to the Great Wall is not a true man." It also applies to the waterfall. Huangguoshu Waterfall is of great momentum and has warm blood in the Yunnan-Guizhou Plateau. It is the King of waterfalls without a doubt and it belongs to Guizhou.

Huangguoshu Waterfall is one of the most famous waterfalls in

the world, it's a kind of giant and rare waterfalls in the karst region and is located in east longitude 105 ° 41 ', north latitude 25 ° 55 '. Several stilted buildings were built tier upon tier in the village, which has become a feature, and decorated by bamboos. Travel Xitang

Ancient towns are the special of regions south of the Yangtze River, whether you are local people or not, Xitang is a classic place to go. Surrounded by river that has flowed over thousand years, it seems that all the scenes about local ancient people's life all come to you: you could see people washing clothes by the side of river, talking to passers-by on their way home, and even enjoying a cup of tea in their balcony. Modern life has brought us polluted air and noise, which make us sick. Thus, we are so eager to run away from city and get close to nature. So just enjoy the quietness and peacefulness that Xitang gives you.

By: Siqi Mo 130908214 Class

Woke up in the morning at 9am, it was a day before the new term started, I was ready for my Xitang Trip and I can't wait anymore.

It was a sunny day, sunshine sprinkled on the earth, although it was still winter, warmth came to me unconditionally, which brought me nice mood. I set out from Hangzhou East Railway Station, taking high-speed train to Jiashan county, which took around half an hour and I just needed 27 yuan for the train.

I booked a room in an inn inside Xitang scenic spot(not very expensive, normally 80 yuan for weekdays and 180 for weekends, but if you go on holiday season it would be more expensive), the owner picked me up at the gate and bought ticket for me—half price as 50 yuan (if you buy it yourself it would be 100 yuan for adults and 80 for students).

There are many lovely, romantic stores. You can enjoy a cup of coffee at the corner of a house, of a cup of milk tea with your friends chatting, laughing for the whole afternoon. Moreover, you could find shops that sell postcards and of course you can send them to yourselves and your friends. What the funny is that you could set a date when you want to send the postcard out, and the shopkeeper would do it for you according to the date you write down. Oh! I forgot to say: the ticket could be a postcard as well!

Although ancient towns of regions south of the Yangtze River look almost the same, like Wuzhen

(in Tongxiang), Luzhi Town (in Suzhou), Nanxun Town (in Huzhou), each has its own unique. Take the bars in Xitang for example. Some people think bars in ancient town is unacceptable, or it's weird to have bars in ancient town. But I think it is exactly the special aspect that differs. It's the combination of the modern and the ancient.

Now that I have come to the water town, don't miss the chance to take a boat and travel Xitang in a different angle.

As you can see in the water upside, the water of the river is green and it may make you feel that it's dirty, but it doesn't smell. Taking a boat you can see some other sceneries that you can't see by traveling on foot. You would see local people drinking tea on their balcony, washing clothes by the side of the river and tourists sitting on the stairs taking photo.

Besides, Xitang is an old but romantic ancient town. People who come to Xitang must put away a lantern to the river and wish for what you want! There are many shapes of lantern you can choose, most of them are made as flower, like sunflower, chrysanthemum, rose, and so on. It's a tradition of Xitang as

well. People in the old day often do this to bless health, love and happiness. So it is also an unmissable experience!

Come to Xitang and have more fun for yourselves!

Greek myth color

By Haoming Gu130306117

The temple had left the ancients to the worship of the gods. They are holy, serious, give persons the oppressive feeling. Even if it is in the picture, it also doesn't lack of dignity and mystery.

The most representative in the house of god is [Greek temple](#). According to the Parthenon temple, it is the temple of the Greek sacrifice to the gods, mainly to sacrifice to Athena. So it is also known as "The Parthenon Athena temple". The Parthenon is regarded as representative works of The Doric type architectural art. It is regarded as national treasure of Greece.

Athena in Greek mythology is a virgin. She is the goddess who is representative of wisdom, war, strategy, the

fight, the handicraft industry and the reasons. The symbol of her is the owl and the olive tree. It is said that she and Zeus has the same force, She is the most intelligent goddess, and she also has the wisdom and strength. The birth of Athena has a very legend. In Greek mythology, Zeus feared that his son is stronger than himself, So, he swallow his wife into the belly. Then he suddenly felt a headache, so he ordered the vulcan split his head, Athena is wearing armor to leap from it. So Athena was the continuation of Zeus, She performs the will of Zeus. Athena is the god of art, she has dexterous hands. and she can't stand the challenge of others. A Lydia girl who looks down upon the ability of Athena. And often boast if there is any chance she well beat the goddess Athena. dressed as a woman came to the earth, and then to accept the challenge of the girl. Finally the goddess win the match. Then the girl committed suicide because of shame, but the goddess changed her into a spider let her web forever!

The second is the Apollo temple. Delphi oracle of god in the Apollo temple can affect the person's destiny and the country's history. For instance, If ordinary citizens want to marry or want to know if their spouse is loyalty, they will instruct the gods.

Apollo was the god who is representative the music, the healing, the plague, the prophecy, the poetry and the archery, he also represents the bright and real. His representative beast is a crow. When Apollo was born, the sky was radiant golden light, and Apollo's eyebrows with a dazzling sun, the goddess of heaven are all glad and shout loudly. Apollo is known as the patron saint of Greek culture, he in charge of the music and the poetry. He can arouse all feelings that people poured into the hymns. At Olympus, he has gold lyre, with the sweet tone to command the chorus of the MUSES. Once the Apollo accept the challenge of human musicians to participate in a competition. After beat him, Apollo stripped his skin to punish his arrogance.

In addition, Greece still has a lot of myths legends. Greece is a mysterious place, it's full of myth color

Place of the prophet—Vatican

Have you ever heard a country full of mysteries which is the smallest all around the world?

By: Rulan Sheng 130306139 Class 1

When I first heard the name of Vatican, it must be in the Japanese Comic. Because there are many fantastic elements in the animation creations which referred to religions that grew up in Vatican prosperously. After that, I get a little information about Vatican from our geographical books that it's the smallest country around the world for its territorial area which is only 0.44 sq. km.

In order to be more close to the comic world, I become interested in this mysterious country. Let's view Vatican at once!

The Vatican is a city full of artistic breath and religious,

although the Vatican in geography is a small country, but due to the Catholic faith population in the whole world, in the political and cultural and other fields ,it has a worldwide influence.

If you want to travel Vatican, never miss the [St. Peter's Basilica](#) regarded as one of the holiest Catholic sites. Both the appearance and history of St Peter's make it worth visiting. One observer wrote: "St Peter's Basilica is the reason why Rome is still the center the civilized world. For religious, historical, and architectural reasons it by itself justifies a journey to Rome, and its interior offers a palimpsest of artistic styles at their best..." The basilica is cruciform in shape, with an elongated nave in the Latin cross form .The entire interior of St. Peter's is lavishly decorated with marble, reliefs, architectural sculpture and gilding . It is the most prominent building in the Vatican City. Its dome is a dominant feature of the skyline of Rome. In terms of history, It used to be a Saint Peter's burial site, then became Old St. Peter's Basilica, and by the end of the 15th century, it was planned to be rebuilt. The American philosopher Ralph Waldo Emerson described St. Peter's as "an ornament of the earth ... the sublime of the beautiful." We can get a glimpse of the country from the quotes by famous people.

After admiring the St. Peter's Basilica, we can move to the [St. Peter's Square](#) which is also the most famous and biggest square in Rome. It is a massive plaza located directly in front of St. Peter's Basilica in the Vatican City, At the center the square is a four-thousand-year-old Egyptian obelisk, erected at the current site in 1568. Gian Lorenzo Bernini designed the square almost 100 years later, including the massive Tuscan colonnades, four columns deep, which embrace visitors in "the maternal arms of Mother Church." A granite fountain constructed by Bernini in 1675 matches another fountain designed by Carlo Maderno dating to 1613.Each statue in the square is lifelike.

The people who had watched "[angels & demons](#)" may feel a lot about Vatican, I am not the exception ,too. The most memorable scene for me in the movie is, the bishop of a pile of old man during a papal conclave are stuck together. Law: this is the Vatican during a papal conclave, so the election of personnel must be locked in isolated rooms, until the new Pope elected can they leave. Recently that vote a Pope is in March last year, Benedict xvi decided to resign due to old age and healthy relationship, becoming the first 600 years died not from dismissal of the Pope. German Pope Benedict xvi is respected by people, the most impressive is that he understand the language, countries can even read that is ready to perish of the old Greek and Hebrew. The Pope is the cardinal bell oreo from Argentina, Francis I was known as the Pope. This is a great historical change, because he is the first Hispanic ever to the Pope.

All in all, when you arrive in Vatican, welcome to feel the special humanities atmosphere there.

I like his prairie, so quiet, gentle, giving a warm feeling of tranquility. Unlike the kind of magnificent sea shock, the ups and downs emotionally sigh! Grassland scenery gives the first impression is refreshing! No large villages. Looking around the vast expanse of prairie at the foot extending to the end of the line of sight. The kind of smooth and soft curves. Makes you feel very comfortable. Run in the grasslands and the kind of contact with nature is no diaphragm and tolerance, so I love the prairie. See here is a blue sky blue beneath pure extreme, pure no trace variegated. The Hill in the distance is the same clear. The clouds in the distance like landed on the grasslands. Prairie put on a beautiful coat! Grassland scenery

will bring relax to eye, the mood has also been a perfect release. This is heaven! With the clouds of heaven drift, prairie bright and alternate changing. The mood is like cotton candy, with the warm wind of the grasslands, rippling Gently.

[Tibet](#) has too much beauty, many artists and art lovers came to Tibet in search of inspiration, the purpose is to find look for beauty, pursue for beauty. As young artists Song Seng, like Northwest figures, five years in a row to the northwest, in his own words, he Qinghai, Tibet has formed a dependency snow style. He has an annual fee to the northwest folk songs, long train, live in a small hotel in the town, the harsh conditions just have fun. He said that as a painting of people, to the west will find that no matter where the landscape or figures, are particularly picturesque. Through the blue sky on the plateau, the complex ethnic costumes, children's eyes, until the butter lamps temple robes, Lama, and these things themselves in the eyes of painters treasures, to have the opportunity to be close to such a treasure, is my greatest pleasure.

Tibet, a place worth going.

A Small Town of the Holland

Get Fall in Love with this Beautiful Town!

By:Yangshi Ye 130905440 class1

When most people think of The Netherlands, they think of Amsterdam with it's famous red lights and coffeeshops. And maybe tulips too. but there is much more to the country than these three things. the Netherlands is country filled with historic cities, canals, beautiful farmland, windmills, and pleasant beaches.

Most travelers come to Netherlands and simply party in Amsterdam for a few days but by doing so they miss what much of the country has to offer. Spend time exploring more than just Amsterdam and coffeeshops and you'll discover the country are beautiful than you think. I highly recommend heading north, especially in April/May when the tulips are in bloom, and also visiting [Utrecht](#), one of my favorite cities south of Amsterdam.

Utrecht is like a mini-Amsterdam but lacks the crowds of Amsterdam. The old city is centered around an old church, the Dom.

The main area of town is centered near the Oudegracht, or "old canal". it's the main canal in town and along it are shops and a plethora of restaurants. The restaurants are located on a level below the street alongside the canals.

on the nice weather day ,the city is packed and all the tables along the canal were taken. After some walking, you can enjoyed some outdoor drinking by the canal, soaking up the sun with all the Dutch, who apparently don't need to work on a Friday.

Overall, Utrecht is a nice city and a good, relaxing alternative to Amsterdam.
