Yummy Chinese food

Yummy Chinese food

Yan ping Du 130907225 Class 2

A girl is a foodie. She likes to go around to eat all kinds of food. But her favorite food is the Chinese food. She think Chinese food is varied. It has different foods in different places. It can satisfy the tastes of different people. She think Chinese food is delicious. And the Chinese food is very famous. Many people know it. She most like food is Xiang cuisine. Xiang cuisine is very hot. The main color of it is red. But have some people don’t like it. Because they can’t eat spicy.

Mary is an American. When she was young, she has a dream that is to eat the food all over the world. But she did have a chance to eat the food around of her hometown.

When she go to the college, she finally have a chance to go to eat the food in the other countries. Because she fought for a chance to study abroad. So she come to China. She felt that

China is a place where have rich food. Before she go to China, she went to South Korea. Because she knew that South Koreans kimchi very famous.
She also taste the South Korean other food. As a result, she is very looking forward to china`s food. After, she finally come to china.

Before she had seen in China on the tip of the tongue. she understand of the features of Chinese food. Such as the north eat pasta and the south eat rice. Hunan people eat spicy and Guangdong people eat sweet. She can eat spicy also can eat spicy. She has gone to Shandong for Shandong pancakes. she also went to He bei to eat the donkey fire. But she would like to go to the south. Because she wanted to feel beautiful south China. And she also want to eat the Chinese rice. She went to Suzhou to eat so many sweet foods. She was like a variety of the pastry of Suzhou. she think Suzhou was a beautiful city. It`s she imagined in the southern Chinese city. She think the sweet food in china better than US. And more healthy than in US. Then she go to the Hunan and Sichuan. The food of there was so hot. Although she like to eat spicy, also can't bear the hot in here. she especially like to eat the taste shrimp in Changsha. What she want to known why the people of human are spicy. After a period of time, she was accustomed to the taste of the people of Hunan. She think Chinese food really liked. So she wanted stay in China after graduation. She has a idea is to learn to do Chinese food. She wants to make Chinese food for her family. She think Chinese food is very happiness. She also want to make some Chinese friends. she eventually want to make a Chinese boyfriends. She said after she go to china she achieve her dream when she was young.

But soon she will return. She said she was reluctant to live china. She want to eat more Chinese food. She wants to thoroughly understand china. She said she will be try her best to learn Chinese. If have chance to go to china, she will be to go to China again.

She back to the American when the term over. She introduce the Chinese food to her family and friends. Now, she can make some easy Chinese food for her family and friends. She parents also like eating Chinese food.
Chinese food is really charming.
